SINCE 2021

PRODUCT CATALOG

BEUTYONE GROUP

RELIABLE MANUFACTURING & SUPPLY CHAIN

Beutyone Group was founded in 2021.Beutyone Group specializes in beauty and personal care appliances for global markets, with product categories covering hair care, hair styling, grooming, personal care and smart home appliances.
Through long-term cooperation with experienced manufacturing partners, we have established a stable and flexible supply network supporting product development, production coordination, quality management, packaging and global delivery.
With hands-on experience in cross-border e-commerce and international markets, we understand that successful products require more than manufacturing. They require the right product, consistent quality, responsive supply and a clear understanding of market demand.
Our goal is simple — to connect reliable manufacturing capabilities with real market opportunities.

Salon-Grade Styling

Our premium hot air styler delivers salon-quality styling at home. Featuring optimized airflow and safe constant heat, it easily smooths, curls and adds volume.
Ergonomically built for comfortable use. Custom branding and functions available for global markets.

Manufacturing Capacity

Equipped with advanced production lines and standardized testing workshops, we work closely with certified manufacturing partners.
Core components are under strict quality control.
We support OEM and ODM customization to meet diverse global requirements.
